PROFILE SUMMARY

I am Asser Samir Elshiekh and I am an IT student at Beni Suief Technological University, With a strong passion for programming, montage, gaming, and anime. I am proficient in a range of programming languages and technologies, including Python, HTML, CSS, PHP, Laravel, JavaScript, C, and C++. My goal is to become a highly skilled software engineer, leveraging my technical expertise and communication abilities to support my family and make a positive impact on those around me. I am dedicated to continuous learning and skill development and am currently seeking a backend developer position where I can apply my knowledge and contribute effectively to a team.
